WORK HISTORY

10 months experience ccicu in narayana hyrudalaya bangalore, electric city

2years experience general surgery ward and opd in SriRamachandra hospital
chennai,porur.

DUTIES & RESPONSIBILITIES:

- ☐ Evaluate and monitor the patient's progress
- ☐ Set up and monitored life support equipment and devices such as cardiac monitors, transducer, pressure lines, oxygen delivery devices, mechanical ventilators and pulse oximeter
- ☐ Identify sudden or subtle changes in a patient's medical condition

- ☐ Deliver regular updates to doctors, patients, and their family members
- ☐ Begin treatment and monitor doses
- ☐ observing and recording symptoms of patients' conditions
- ☐ documenting patients' medical histories
- ☐ recording a patient's treatment plans
- ☐ administering medication following the doctor's orders
- ☐ observing patients' fluid intake and output
- ☐ detecting emerging problems, such as fluid and electrolyte imbalances
- ☐ monitoring patients' diets and physical activities
- ☐ supervising less-skilled health-care personnel
- ☐ providing advanced life support
- ☐ storing health care equipment after use
- ☐ assessing and documenting patients' pain levels
- ☐ collaborating with other members of the critical care team
- ☐ observing and managing reports and ICU patient records
- ☐ Assessing the level of consciousness and determining the GCS.
- ☐ Appropriate caring through airway, ventilation, oxygenation, and intubation in emergencies.
- ☐ Planning, implementing, and evaluating the total skin care plan, especially for bed sore care.
- ☐ Performing the process of patient feeding by digestive tubes and T.P.N.

ASSESSMENT SKILLS:

- ☐ Assessment skills are important to patient care in the intensive care unit. These skills often help nurses observe patient health improvements and determine the most effective treatment plan. Some of the assessments ICU nurses perform include the following:
- ☐ monitoring patient vitals
- ☐ observing and recording a patient's blood pressure
- ☐ taking patient specimens to the appropriate departments

- ☐ Effective communication can help you determine the best route of care for a patient. As an ICU nurse, essential communication skills include active listening, written communication, presentation, patient education, and non-verbal communication.

STRENGTHS:

- ☐ Able to work with other staffs and individuals to solve and define the developmental problems
- ☐ Willingness to learn quickly and working to be as a team facilitator
- ☐ Ability to provide technical assistance and resolution
