Test Description	Value(s)	Unit(s)	Reference Range
------------------	----------	---------	-----------------

Blood Sugar Post Prandial

Glucose Post Prandial <i>Hexokinase</i>	209 H*	mg/dL	70 - 140
--	--------	-------	----------

Interpretation:

Status	PP plasma glucose in mg/dL
Normal	<140
Impaired glucose tolerance	140 - 199
Diabetes	≥200

Reference : American Diabetes Association

Comment :

Blood glucose determinations are commonly used as an aid in the diagnosis and treatment of diabetes. Elevated glucose levels (hyperglycemia) may also occur with pancreatic neoplasm, hyperthyroidism, and adrenal cortical hyper function as well as other disorders. Decreased glucose levels (hypoglycemia) may result from excessive insulin therapy, insulinoma, or various liver diseases.

Note

1. The diagnosis of Diabetes requires a fasting plasma glucose of ≥ 126 mg/dL or a random / 2 hour plasma glucose value of ≥ 200 mg/dL with symptoms of diabetes mellitus.
2. Very high glucose levels (>450 mg/dL in adults) may result in Diabetic Ketoacidosis.

All Lab results are subject to clinical interpretation by qualified medical professional and this report is not subject to use for any medico-legal purpose.

1. Laboratory reports are generated solely for informational and interpretational purposes for qualified medical practitioners and must be read in conjunction with the patient's clinical history, examination findings, and other diagnostic parameters. The laboratory does not provide medical advice, diagnosis, or treatment recommendations.
2. All the test results are based strictly on the specimen/sample and information received under the details provided at the time of registration. The patient/customer or referring entity is solely responsible for the accuracy and completeness of details furnished before sample submission. The laboratory shall not be liable for errors, misidentification, or incorrect results arising due to inaccurate, incomplete, or misleading information provided at the time of registration.
3. The patient/customers must disclose all relevant conditions including but not limited to fasting status, medications, dietary intake, alcohol consumption, lifestyle factors, ongoing treatments, and medical history that may affect test outcomes. The laboratory shall not be responsible for any deviation in results due to non-disclosure or incorrect disclosure of such information.
4. Test results are dependent on the quality, integrity, and timing of the specimen received. The laboratory reserves the right to reject or request repeat samples in cases of inadequate, hemolyzed, contaminated, or otherwise compromised samples. No liability shall arise for inability to process or delay due to such reasons.
5. Test results are subject to inherent biological variation and analytical variation depending on the nature of the test, methodology, instrumentation, and pre-analytical factors. While the laboratory follows established quality control and assurance standards, minor variations in results may occur and should be interpreted in conjunction with clinical findings, patient history, and other diagnostic information. The laboratory does not guarantee absolute accuracy, precision, or reproducibility of results across different testing instances or laboratories, and no liability shall arise on account of such inherent variations.
6. All turnaround times are indicative, not guaranteed. Delays may occur due to test complexity, sample condition, referral testing, or quality control procedures, logistics, or other operational constraints.
7. Reports may be released via digital or physical modes such as Email, SMS, WhatsApp, Mobile App, Web Portal, or Printed Copy, subject to completion of testing, quality validation, and payment clearance. Accessing the report through any digital medium shall constitute acceptance of electronic records.
8. All patient information and reports are treated as confidential and may be shared only with patient/customer, authorized healthcare professionals, regulatory bodies, or as required by law.
9. Laboratory reports are not valid for medico-legal purposes unless specifically requested, processed, and certified as such in accordance with applicable laws.
10. To the maximum extent permitted under applicable law, the laboratory shall not be liable for any direct, indirect, incidental, consequential, or special damages arising out of or in connection with the use of, reliance upon, or interpretation of the laboratory report. The laboratory shall have no liability for any clinical decisions, diagnosis, or treatment undertaken on the basis of the report. In all circumstances, the liability of the laboratory, if any, shall be strictly limited to the amount actually paid for the specific test(s) giving rise to such claim.
11. In case of critical, alarming, or unexpected test results, you are advised to contact the laboratory immediately for further guidance and thereafter consult a qualified medical practitioner without delay. Test results should always be interpreted in conjunction with the patient's clinical history and clinical findings.
12. Accessing reports through digital platforms constitutes acceptance of electronic delivery and record storage.
13. The laboratory shall not be liable for any delays in performance or failure to perform its obligations arising out of or in connection with events beyond reasonable control, including but not limited to natural disasters, pandemics, acts of God, strikes, labor disputes, transportation disruptions, regulatory or governmental actions, technical failures, or any other unforeseen circumstances.
14. All disputes arising from laboratory services shall be subject to the jurisdiction of courts located in Delhi.
